

SCHWERTZ
CONGRESS

My Friends,

If given the honor to serve as your Congressman I promise that among other things I will concentrate on the following issues. I....

- Will work to increase educational opportunities in the inner city through tax incentives for companies to provide training opportunities resulting in higher than minimum wage jobs.
- Will work tirelessly to bring new higher paying jobs to the District by creating an environment that will foster growth in the technology, manufacturing and skilled labor sectors.
- Will work to increase the educational opportunities for the children of the working poor by pushing for legislation that would require Federal Education dollars to be utilized in the form of school choice for parents.
- Will work for the transformation of public housing into a way out of poverty through increased educational and job opportunities.
- Will work to secure Federal dollars to bolster the fight against the crime and drugs that are tearing apart our District.
- Will work to secure funding to expedite expansion of the Huey P. Long Bridge so that it will spur economic development on the West Bank of Jefferson Parish.
- Will support an amendment to the U.S. Constitution defining marriage as being between one man and one woman.
- Will work to end federally funded abortions.

If there is an issue that is important to you that I have not addressed, please let me know by sending an e-mail to issues@schwartz.com or send a letter to:

Schwartz for Congress
